Venue

NSK United Kingdom Ltd, Office 5 , Gateway 1000, Arlington Business Park
Whittle Way, Stevenage, Hertfordshire
SG1 2FP

After **one day** you will be able to:

- Take a full series of photographs in 10 minutes or less
- Use the best accessories to use with your camera to make your life easier
- Be able to communicate effectively with your patients' to ensure the best results
- Self critique your own photographs
- Know all the settings you need for each shot
- Know the best ways to retract and hold occlusal mirrors

Photographs you will be able to take perfectly:

- Full face
- Lips at rest
- Smile and the left and right hand side smile
- Retracted: 4 views teeth in occlusion, open, left and right hand side
- Upper and lower occlusal photographs

You will have a guide of all the photographs and the settings you need to take back to your practice.

Lunch is included. CPD verifiable.

"This photography training session was very enjoyable and a good way to improve the skills required for good pictures. Laura was very good at directing us and making the session informative. This course I would recommend as it is very useful even if you are already taking photographs."

Dr. Nejal-Joshi - Rosebank Dental Practice, Herfordshire
